Summary

Computer Technology student graduating in December 2025 from Greenville Technical College. Focused on software and web development with hands-on experience in Java, C#, JavaScript, HTML, CSS, and SQL. Comfortable working on both front-end and back-end projects and continuing to grow skills in programming, databases, and app design. Looking for an entry-level Java or full-stack developer role where I can keep learning and contribute to real projects.

Skills

Languages: Java, C#, JavaScript, Python, SQL, HTML, CSS
Frameworks: Spring Boot, ASP.NET Core MVC, JavaFX, EF Core
Tools: Git, GitHub, Visual Studio, SSMS, IntelliJ IDEA, SQL Server, PostgreSQL, Docker
Concepts: OOP, MVC Architecture, REST APIs, Debugging, Problem Solving

Projects

UNO Game — JavaFX

Built a full UNO card game with a client-server setup using TCP sockets and JSON messages for real-time play between users.

Portfolio Website & Word Search Game — JavaScript / HTML / CSS

Created a personal website with an interactive word search game. Used JSON files for content, structured layouts, and dynamic updates through JavaScript.

Squirrel Tracker — C# ASP.NET Core MVC

Built a CRUD web app with Entity Framework Core and SQL Server. Learned how to use MVC structure, migrations, and database relationships to manage data.

Birdhouse Backend (Spring Boot, PostgreSQL)

Built a Java backend with Spring Boot and PostgreSQL to manage customer orders and data. Added REST API routes and used DTOs to keep data handling clean and organized.

Squirrel Tracker — Java Spring Boot

Re-created the same CRUD app from the C# version using Spring Boot and PostgreSQL. Focused on building REST APIs and creating a clear, consistent backend structure.

Education & Training

Greenville Technical College — Greenville, SC

A.A.S in Computer Technology (Programming Focus) — *Expected* Dec 2025

Relevant Coursework: Object-Oriented Programming, Database Design, Web Development
